

Michigan Biomass

Learn about biomass and win!

Oct. 18 is **National Bioenergy Day**. To celebrate, Michigan Biomass is giving away a prize package that includes a cell phone charger, Bluetooth speakers, penlight and LED lightbulbs.

You can enter the prize drawing starting October 8. Simply take the [Michigan Biomass quiz](#) and answer three multiple choice questions about biomass energy.

It's fun. It's easy! See [contest rules here](#).

Biomass is a leading source of renewable energy in Michigan and nationwide. It aids forest health, helps manager wood wastes, and supports jobs and rural communities.
